## Dear Max Mustermann,

We recently returned from our trip to AMPO in Ouagadougou. During the eight days we spent there we gained so many impressions and we are still at the stage of processing what we experienced. We saw with our own eyes the impact of terrorism and poverty in the country, but at the same time we were gratified by the work going on at the various AMPO facilities. We saw the difference AMPO is making to the lives of many people and we are grateful for the positive influence this work is having.

We have put together a travel diary that you can find on our website, together with a small selection of more than 3000 pictures taken by members of our travel group. When you have the time, please read our travel diary. It will give you a better insight into the situation on the ground. It makes interesting reading.

May we invite you to visit our website and read our travel diary? It was an emotional and eventful week in Ouagadougou, full of many incredible impressions. ## Follow us on social networks

During our trip to Burkina Faso we took lots of short videos and posted them on Facebook and Instagram. This enabled many of our followers to keep abreast of our trip and share the experience with us. Thanks go to all of you who watched our videos and showed your support with your comments or simply a “thumbs up”.

If you haven't followed us on those channels, you can still do so by searching for AMPC International on Facebook or Instagram. It is a good way to publicise the work done by AMPC and we are always pleased to welcome new followers.

## No more Amazon Smile

Dear readers,

As from the 20th of February AMPO International e.V. will no longer receive support from AMAZON Smile. Sadly AMAZON will not continue with this programme. It is a great pity, but fortunately we are also working with another platform [www.bildungsspender.de/ampo-intl](http://www.bildungsspender.de/ampo-intl) which gives us a donation for each purchase made.

This portal enables you to access more than 1500 online shops offering goods at original prices. Just one more click and you can help us next time you shop online. Thank you!

## Monthly diary

Our dear friend Marthe at AMPO in Ouagadougou has sent us some pictures and a few lines about what was going on in December. Christmas is long past, but it is still nice to read about the celebrations at the orphanages.

Click on the button below to read about the children's Christmas activities and other news from the various AMPO facilities.
